- 10) Your owner's title policy

**We invite you to make an appointment with a McCoy Federal Credit Union  
Mortgage Officer by calling 407-855-5452, ext 2301.**

The annual percentage rate (APR) is the cost of credit over the term of the loan expressed as an annual rate. Interest rates and APRs are based on current market rates and are for informational purposes only. Rates are subject to change without notice and APR (Annual Percentage Rate) calculations are based on certain assumptions related to closing costs and fees. For the APR listed, the calculation is based on a zero-down payment on a loan amount of \$100,000, excellent credit, an 100% combined loan-to-value ratio, and does not include taxes and insurance - actual obligations will be greater. Based on this example, monthly payments of principal + interest only would be \$605.98 for a 20-year loan. If approved, your terms may vary based upon your specific situation. Subject to credit approval.
